Attached Motion –

ATTACHEMENT TO EMAIL TO Donald Ackerman

Motion to vacate/set aside – Possession conviction, based on unfair pre-trial rulings that prevent me from having fair trial and proper witness's (No religious expert witness)

Motion for stay of sentence pending appeal

At this point I know Colleen Begley is a cooperating with law enforcement – my question is how long has this been the case – Was Ms Begley a government agent on Dec . 11th 2011 when she visited me in Los Angeles?

Was she a Government agent when she was acting like she was helping me during jury selection? Was she working for law enforcement prior to May 1st, 2012 trial date – if so I'm crying foul – she helped me with Jury selection.

Integrity of the court may have been compromised – May 1st as jury selection begun Colleen Begley informed me that (jury) "Melissa Roughgarden" was a regular "marijuana customer" of her's and had been introduced to me previously at the Library II restaurant. I was told by Colleen that she was on outside a pothead. Mr Ackerman suggested I get rid of her just because she was working on the staff of

Republican Congressman Jon Runyon. (I was running for Congress myself against him) – Colleen assured me she was a fellow pothead and wouldn't convict me. I didn't know at the time that Colleen was also working for Law Enforcement.

When juror "Melissa Roughgarden" was questioned on vior she lied about knowing me and said things that led me to believe she was on my side as well (ex – she said her ex boyfriend was Fully Fullwood a reggae star who now lives in Los Angeles. While I don't know Fully personally Ive met him, he smokes a lot of weed again I took her mentioning of him as a sign that she was on my side and despite what Mr Ackerman said I didn't use my challenge against her. She ended up not only on the Jury but as the Jury Forewoman and then convicted me!! I felt betrayed, double crossed and bamboozled.

Subject: Letter from a physcian for sentencing

It is important that we have a letter from your treatment program in California. Please get a letter from a physcian in the proram indicating the following

1. A discription of your condition.
2. That you are in an experimental program.
3. That you are compliant with the program.

4. The clinical benefits that you have received from the program. What clinical progress you have made.
5. What would happen to you clinically, if you were unable to complete the program.
6. The importance of the study, why it is important for you to continue in the study and how much longer you need to be in it.

Please send me this letter before the end of the year.
